HOW TO MAKE THE CARROT NOSE

| | | | |
|---|--|--|---|
|  | <p>1. Make 4 chain.</p> |  | <p>2. Then start to make 1 treble in the 4th chain from the hook. But stop when you just have 2 stitches left on the hook.</p> |
|  | <p>3. Now start to make another treble in the same chain space and stop when you have 3 stitches left on the hook.</p> |  | <p>4. Again - start to make another treble in the same chain space and stop when you have 4 stitches left on the hook.</p> |
|  | <p>5. Now, yarn over the hook and draw back through all 4 stitches.</p> |  | <p>6. Thread your sewing needle, through your original tail end, at the base of the stitch.</p> |
|  | <p>7. Make a stitch through the first and last stitch of your cluster, to hold the sides together.</p> |  | <p>8. Repeat this slightly higher up.</p> |
|  | <p>9. Now fasten off, and draw the needle through the carrot from the Carrot tip to the bottom.</p> |  | <p>10. You should now have 2 threads coming out of the base, for sewing on to the face.</p> |
